PROFESSIONAL SUMMARY

Full-Stack Developer with over one year of experience building responsive and user-friendly web applications. I hold a Diploma in Computer Science and specialize in front-end development while also working confidently across the full stack. I'm passionate about writing clean, efficient code and creating solutions that improve user experience and deliver real value.

WORK EXPERIENCE

Software Developer Trainee | Mlab

July 2025- Present

- Currently working as a Software Developer Trainee, strengthening both technical and teamwork skills.
- Developing responsive and functional websites using React, TypeScript, Node.js, and PostgreSQL.
- Collaborating on real-world client projects from design through implementation.
- Participating in daily scrum meetings to share progress, discuss challenges, and align with team goals.
- Gaining hands-on experience with Agile practices, version control, and cross-functional collaboration.

Software Developer Intern | Hiteknoology Solution

Sept 2024 - June 2025

- I worked as a **Software Developer Intern**, gaining practical industry experience.
- Contributed to the **development of websites** using HTML, CSS, JavaScript, and Node.js.
- Responsible for **debugging and troubleshooting code** to improve application performance.
- Collaborated closely with a team of developers to **plan, build, and refine web projects**.
